**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Temperatures will be quite mild in the glens, but cold and at times windy on the summits where warm clothing will be essential.

Forecast for Monday 18 Apr 2022
Weather: Overnight rain and summit snow clearing north Monday morning. Cooler conditions following in behind with drier, brighter spells for a good part of the day. Further cloud and rain and hill snow will spread into the west later in the afternoon. Strong southerly to southwesterly winds.

Maximum wind: Southerly or southwesterly mean 25 mph gusting 35-40 mph.

Chance of cloud-free hill tops above 800m: 30% rising to 80% by mid-morning, lowering 30% again later in the afternoon and evening.

Low Cloud and visibility: Good visibility occasionally lowering moderate in rain. Low cloud at times in rain through the early hours and from late afternoon with bases 400-600 m, with very poor visibility within the cloud.

Temperature: **Glens:** Plus 7 Celsius rising to plus 9 Celsius, falling to plus 8 Celsius.
At 800m: Plus 3 Celsius falling to zero Celsius, later rising to plus 2 Celsius.
Freezing level: Above summits falling to 800 m, later rising to 1300 m.
